## INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Honorable Members of the General Assembly and the Governor State of Maryland

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the State of Maryland (the State), as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the State's basic financial statements, and have issued our report thereon dated March 13, 2023.

Our report includes a reference to other auditors who audited the financial statements of certain funds, agencies, and component units of the State of Maryland, which represent the indicated percent of total assets and deferred outflows of resources and total revenues as described in our report on the State's financial statements and as presented in the below table. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those other auditors.

# Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the State's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the State's internal control. Accordingly, we do not express an opinion on the effectiveness of the State's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified.

We identified certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs as 2023-001, 2023-002, 2023-003, 2023-004 and 2023-005 that we consider to be material weaknesses.

# **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the State's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

# State of Maryland's Response to Findings

*Government Auditing Standards* requires the auditor to perform limited procedures on the State's response to the findings identified in our audit and described in the accompanying schedule of findings and questioned costs. The State's responses were not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the responses.

# Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

# INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM, REPORT ON INTERNAL CONTROL OVER COMPLIANCE, AND REPORT ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY THE UNIFORM GUIDANCE

The Honorable Members of the General Assembly and the Governor State of Maryland

# Report on Compliance for Each Major Federal Program

# **Qualified and Unmodified Opinions**

We have audited the State of Maryland's (the State) compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the State's major federal programs for the year ended June 30, 2023. The State's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

The State's basic financial statements include the operations of the Maryland Water Infrastructure Financing Administration and Maryland Transportation Authority, enterprise funds of the State of Maryland, which received federal awards that are not included in the accompanying Schedule of Expenditures of Federal Awards. Our audit, described below, did not include the operations of these entities because auditors were engaged to perform a separate audit in accordance with the Uniform Guidance.

#### Qualified Opinion on Major Programs

In our opinion, except for the noncompliance described in the Basis for Qualified and Unmodified Opinions section of our report, the State complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on the programs for the year ended June 30, 2023.

#### Unmodified Opinion on Each of the Other Major Federal Programs

In our opinion, the State complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its other major federal programs identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs for the year ended June 30, 2023.

# Basis for Qualified and Unmodified Opinions

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative* Requirements, *Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the State and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the State's compliance with the compliance requirements referred to above.

# Matter(s) Giving Rise to Qualified Opinion

As described in the accompanying schedule of findings and questioned costs, the State did not comply with requirements regarding the following:

Program/Cluster Title	Assistance Listing	Noncompliance	Finding Number
Emergency Rental Assistance Homeowner Assistance Fund	21.023 21.026	Eligibility	2023-008
Emergency Rental Assistance Homeowner Assistance Fund	21.023 21.026	Allowable Activities/Allowable Costs	2023-009
Coronavirus State and Local Fiscal Recovery Funds	21.027	Suspension and Debarment	2023-010
Coronavirus State and Local Fiscal Recovery Funds, Education Stabilization Fund	21.027 84.425C, D, R, U, V, W	Subrecipient Monitoring	2023-011
Higher Education Institutional Aid	84.031	Allowable Activities/Allowable Costs - Payroll	2023-012 and 2023-013
Higher Education Institutional Aid Education Stabilization Fund	84.031 84.425 J	SEFA Reporting	2023-014
Children's Health Insurance Program, Medicaid Cluster	93.767, 93.775, 93.777, 93.778	Reporting - FFATA	2023-021
Block Grants for Prevention and Treatment of Substance Abuse	93.959	Reporting - FFATA	2023-024

Compliance with such requirements is necessary, in our opinion, for the State to comply with the requirements applicable to that program.

# **Responsibilities of Management for Compliance**

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the State's federal programs.

# Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the State's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the State's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the State's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- obtain an understanding of the State's internal control over compliance relevant to the audit in
  order to design audit procedures that are appropriate in the circumstances and to test and
  report on internal control over compliance in accordance with the Uniform Guidance, but not for
  the purpose of expressing an opinion on the effectiveness of the State's internal control over
  compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

# Other Matters

The results of our auditing procedures disclosed instances of noncompliance which are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying schedule of findings and questioned costs as items 2023-006, 2023-007, 2023-016, 2023-017, 2023-018, 2023-019, 2023-020, 2023-022, 2023-023 and 2023-025. Our opinion on each major federal program is not modified with respect to these matters.

*Government Auditing Standards* requires the auditor to perform limited procedures on s response to the State's noncompliance findings identified in our compliance audit described in the accompanying schedule of findings and questioned costs. The State's responses were not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

# **Report on Internal Control Over Compliance**

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we did identify certain deficiencies in internal control over compliance that we consider to be material weaknesses and significant deficiencies.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as items 2023-008, 2023-009, 2023-010, 2023-011, 2023-012, 2023-013, 2023-014, 2023-021, and 2023-024 to be material weaknesses.

A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as items 2023-006, 2023-007, 2023-015, 2023-016, 2023-017, 2023-018, 2023-019, 2023-020, 2023-022, 2023-023 and 2023-025 to be significant deficiencies.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

*Government Auditing Standards* requires the auditor to perform limited procedures on the State's response to internal control over compliance findings identified in our audit described in the accompanying schedule of findings and questioned costs. The State's responses were not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

# Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the State as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the State's basic financial statements. We issued our report thereon dated March 13, 2024, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

# NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The State of Maryland (the State) includes expenditures in its Schedule of Expenditures of Federal Awards (the Schedule or SEFA) for all federal programs administered by the funds, agencies, boards and commissions, including component units, included in the State's reporting entity used for its basic financial statements, including the component unit higher education funds—the University System of Maryland, the Baltimore City Community College, Morgan State University, and St. Mary's College of Maryland. However, the Schedule of Expenditures of Federal Awards excludes the Maryland Water Infrastructure Financing Administration and Maryland Transportation Authority. A separate single audit was conducted for these entities.

# NOTE 2 BASIS OF ACCOUNTING

The accompanying SEFA has been presented on the accrual basis of accounting. Expenditures are recorded, accordingly, when incurred rather than when paid.

Expenditures reported on the SEFA are recognized following the cost principles contained in 2 *CFR* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) except for the expenditures for the Coronavirus Recovery Fund (CRF) and Coronavirus State and Local Recovery Fund (ALN 21.019 and 21.027, respectively). The expenditures are based on criteria determined by the U.S. Department of Treasury (the Treasury). The Treasury identified allowable cost and activities requirements and identified costs and activities that were unallowed.

#### Indirect Costs

The State has elected not to use the 10% de minimis indirect cost rate allowed under the Uniform Guidance.

# NOTE 3 CATEGORIZATION OF EXPENDITURES

The accompanying Schedule of Expenditures of Federal Awards (SEFA) reflects Federal expenditures for all individual grants that were active during the year. The categorization of expenditures by programs included in the accompanying SEFA is based on Assistance Listings as maintained in the System for Award Management (SAM). In accordance with the State's policy, the accompanying SEFA for the year ended June 30, 2023 reflects Assistance Listing changes published in SAM through June 30, 2023.

Certain programs presented in the accompanying Schedule that have not been assigned an Assistance Listing number are reported by the respective federal agency and titled "999." Programs related to the Intergovernmental Personnel Act are labeled "IPA" and Research and Development programs that have not been assigned an Assistance Listing number are labeled "RD."

# NOTE 4 NONMONETARY FEDERAL FINANCIAL ASSISTANCE

The State is the recipient of federal programs that do not result in cash receipts or disbursements. Nonmonetary awards included in the Schedule are as follows:

	Assistance	
Program Name	Listing	Amount
COVID-19 Pandemic EBT Food Benefits	10.542	\$ 172,283,068
Supplemental Nutrition Assistance Program	10.551	1,828,947,110

Total Benefits	\$ 496,100,245

# NOTE 6 FEDERAL MORTGAGE PLANS

The State operates several programs that purchase federally guaranteed loans, primarily mortgages, from the originators. As the State has no responsibility for determining eligibility or compliance, these guarantees are not considered federal financial assistance for purposes of the single audit.

# NOTE 7 LOAN PROGRAMS

The outstanding loan balances as of June 30, 2022, and loan expenditures for the year ended June 30, 2023, are considered current-year federal expenditures. These amounts are reported on the Schedule of Expenditures of Federal Awards.

# St. Mary's College of Maryland

The College administers the Federal Perkins Loan Program – Federal Capital Contributions (Assistance Listing Number 84.038). The College received no Federal funds under the Program for the fiscal year ended June 30, 2023. The outstanding loan balance of \$103,616 as of June 30, 2022, and the outstanding loan balance of \$96,990.35 for the fiscal year ended June 30, 2023, are not considered current year Federal expenditures. The College did not issue new loans during the fiscal year ended June 30, 2023.

During the fiscal year ended June 30, 2023, the College processed the following amount of new loans under the Federal Education Loan Program, which includes the Stafford Loan and PLUS Loan. Since this program is administered by outside financial institutions, new loans made during the fiscal year ended June 30, 2023, relating to this program are considered current-year Federal expenditures, whereas the outstanding loan balances are not. The new loans made during the fiscal year ended June 30, 2023, are reported in the Schedule of Expenditures of Federal Awards.

#### Morgan State University

The University administers the Federal Perkins Loan Program – Federal Capital Contributions (Assistance Listing Number 84.038). The outstanding loan balance of \$2,583,593 as of June 30, 2022, less the Perkins Loan funds returned to the federal government of \$128,276, netting to \$2,455,317 are considered current-year Federal expenditures. These amounts are reported in summary in the Schedule of Expenditures of Federal Awards.

During the fiscal year ended June 30, 2023, the University processed \$67,686,500 in new loans under the Federal Direct Loan Program (Assistance Listing Number 84.268). Since this program is administered by outside financial institutions, the new loans made in the fiscal year that ended June 30, 2023, relating to this program are considered current-year Federal expenditures, whereas the outstanding loan balances are not. The new loans made in the fiscal year that ended June 30, 2023, are reported in the Schedule of Expenditures of Federal Awards.

#### NOTE 8 DISASTER GRANTS – PUBLIC ASSISTANCE (ASSISTANCE LISTING 97.036)

After a presidentially declared disaster, the U.S. Federal Emergency Management Agency (FEMA) provides a public assistance grant to reimburse eligible costs associated with repair, replacement, or restoration of disaster-damaged facilities. The federal government reimburses in the form of cost-shared grants.

In fiscal year 2023, FEMA approved approximately \$311,355,507 of eligible expenditures that were incurred in a prior year and are included in the Schedule.

# NOTE 9 REBATES FROM THE SPECIAL SUPPLEMENTAL NUTRITION PROGRAM FOR WOMEN, INFANTS, AND CHILDREN (WIC)

During fiscal year 2023, the state received cash rebates from infant formula manufacturers in the amount of \$28,836,758 based on the sale of formula to participants in the WIC program (Assistance Listing Number 10.557), which are netted against total expenditures included in the Schedule. Rebate contracts with infant formula manufacturers are authorized by Code of Federal Regulations, Title 7: Agriculture, Subtitle B, Chapter II, Subchapter A, Part 246.16a as a cost containment measure. Rebates represent a reduction of expenditures previously incurred for WIC food benefit costs. Applying the rebates received to such costs enabled the State to extend program benefits to more participants than could have been serviced this fiscal year in the absence of the rebate contract.

#### NOTE 10 CCDF CLUSTER (ASSISTANCE LISTINGS 93.575 AND 93.596)

Expenditures reported in the Schedule for the Childcare Development Fund (CCDF) Cluster include the following funding sources:

Total	\$ 324,809,524

# NOTE 11 HOUSING CHOICE VOUCHER PROGRAM (ASSISTANCE LISTING 14.871)

In accordance with reporting requirements established by U.S. Department of Housing and Urban Development Notice PIH 2021-25 (HA), Section 8.k., the Schedule includes \$1,185,723 in Emergency Housing Vouchers (EHV) funding issued under the American Rescue Plan Act of 2021.

Section II – Findings and Questioned Costs – Major Federal Programs (Continued)

#### **Material Weakness**

#### Finding 2023-001 – Department of Health – Inventory

#### Condition

The Department of Health (MDH) did not have adequate controls over the record keeping over inventory to properly account for purchases, transfers, and disbursements. In addition, a physical inventory count was not performed to reconcile the financial records to the inventory items on-hand.

# Criteria

The State's Inventory Control Manual establishes policies and procedures for materials and supplies maintained in inventory that State Agencies are required to follow. Agency requirements related to record-keeping, physical inventory counts, and reconciliations for materials and supplies are described in Section II.05 of the manual.

In addition, COSO/Internal Control Framework defines control activities as "policies and procedures that help ensure management's directives are carried out." Management review controls are defined as, "the activities of a person, different than the preparer, through analyzing and performing oversight of activities performed, and is an integral part of any internal control structure."

#### Context

Our audit procedures detected several misstatements related to the various locations' inventory balances as of year-end.

#### Effect

Several locations' inventory purchases, transfers, and disposals activity was unable to be substantiated as a result of report limitations or lack of supporting documentation.

#### Cause

The Department of Health did not follow the State's internal control policies and procedures outlined in the Inventory Control Manual, which caused inventory to be improperly valued as of year-end.

#### Recommendation

We recommend that MDH reviews its policies and procedures that address the maintenance of adequate records of all inventory purchases, transfers, and disposals, as well as annual inventory counts, to ensure existence and proper valuation of inventory. These policies and procedures should include requirements that management review and verify the policies and procedures are followed effectively.

#### Management Response

There is no disagreement with the audit finding.

Section II – Findings and Questioned Costs – Major Federal Programs (Continued)

#### Material Weakness

# <u>Finding 2023-002 – Statewide – Agency Accounts Receivable, Deferred Inflow and Unearned</u> <u>Revenue</u>

#### Condition

Several State departments and agencies recorded accounts or grant receivables inappropriately, resulting in improper classification, recognition, and derecognition concerns. A summary of these concerns is as follows -

- Negative receivable balances that management should record as unearned revenues.
- Receivables and the related deferred inflows were not subsequently adjusted when management received the payments; instead, management recognized cash and revenue.
- Management booked unclaimed receivables based on qualifying expenditures without appropriate grant support to justify the receivable.

The following departments contributed to this condition: the Department of Education, Department of Health, Department of Human Services, Department of Housing and Community Development, and Department of Emergency Management.

#### Criteria

COSO/Internal Control Framework defines control activities as "policies and procedures that help ensure management's directives are carried out." Management review controls are defined as, "the activities of a person, different than the preparer, through analyzing and performing oversight of activities performed, and is an integral part of any internal control structure."

#### Context

Management made several material adjustments during the audit, and the auditor proposed and passed on several adjustments. The internal controls are not adequate to prevent possible material misstatements in the future.

#### Effect

Management recorded several material journal entries during the audit, with several more passed adjustments proposed by the auditor. These adjustments resulted from the ineffectiveness of the internal controls' ability to reduce the risk of accounting errors on a timely basis. Due to the decentralized processes that exist in the State, the entity's internal control environment may not mitigate possible misstatements in the financial statements in receivables, deferred inflows, and unearned revenues.

#### Cause

The General Accounting Division (GAD)assumes responsibility for compiling the information the departments and agencies provide to present the State's Annual Comprehensive Financial Report. The GAD designed policies and procedures to provide the financial information needed from each department and agency. However, departments and agencies present information inconsistent with policies and procedures, and the errors are not detected in a timely manner.

Section II – Findings and Questioned Costs – Major Federal Programs (Continued)

#### Recommendation

We recommend the State review, modify, and monitor their policies and procedures for recording accounts receivable and grants receivable to meet the financial reporting principles -

- 1. The State has the legal right to recognize accounts receivable at year end, and management did not receive the funds before the fiscal year's end.
- 2. The dollar amount of the receivables is accurate based on legal claims made to external parties.
- 3. Management records receivables, unearned revenues and deferred inflows in appropriate accounts based on government accounting standards and policies and procedures outlined by the Comptroller's office for financial closing packages.

Given the decentralized nature of the State, we recommend that a department or agency take responsibility for ensuring year-end receivables, unearned revenues, and deferred inflows meet the requirements for financial reporting purposes. Given the number of departments and agencies challenged by accounting for receivables, unearned revenues, and deferred inflows, the department or agency should enhance statewide policy and provide training to ensure appropriate recordkeeping. Additionally, the departments or agencies' leadership should take responsibility for the accuracy of the information reported to the GAD by ensuring management reviewed the information to comply with their policies and procedures.

#### Management Response

There is no disagreement with the audit finding.

Section II – Findings and Questioned Costs – Major Federal Programs (Continued)

#### Material Weakness

#### Finding 2023-003 – Statewide – Treatment of Interdepartmental Activity

#### Condition

For department and agencies accounted for in the general fund, interdepartmental receivables recorded by department or agencies in the ledger were not properly classified, which caused the yearend eliminations entry related to interdepartmental activity that is posted by the General Accounting Division (GAD) to be inaccurate. Additionally, there were several instances noted where reimbursement requests were not sent by the departments or agencies to the Department of Budget and Management (DBM) in a timely manner.

#### Criteria

COSO/Internal Control Framework defines control activities as "policies and procedures that help ensure management's directives are carried out." Management review controls are defined as, "the activities of a person, different than the preparer, through analyzing and performing oversight of activities performed, and is an integral part of any internal control structure."

Interdepartmental activities accounted for in the same fund must be eliminated for financial reporting purposes under general accepted accounting principles.

#### Context

Amounts due from other agencies that are reported within the general fund are recorded together in accounts receivable in R\*STARS by all departments or agencies. They do not adequately identify, track, or reconcile the interdepartmental activity within the system. The responsibility falls to the GAD, who makes a top-level adjustment at year-end.

Additionally, we noted the following agencies did not submit reimbursement requests to the Department of Budget & Management (DBM) related to Coronavirus State & Local Fiscal Recovery Funds (ALN #21.027) in a timely manner:

- Department of Health (MDH)
- Department of Education (MSDE)
- Department of Housing and Community Development (DHCD)

#### Effect

Material corrections were required to be made to the financial statements to properly present the general fund interdepartmental activity.

#### Cause

The departments and agencies do not reconcile their year-end accounts receivable balances to properly identify or remove interdepartmental activity, which caused the year-end adjustment recorded by the GAD to be inaccurate and require subsequent material corrections.

#### Section II – Findings and Questioned Costs – Major Federal Programs (Continued)

#### Recommendation

We recommend that these year-end reconciliations and adjustments be performed by department or agency personnel that are familiar with the detail of the accounts, and that theybe responsible for the separate recording of accounts receivable and unearned revenue in R\*STARS. We recommend that a separate account code for interdepartmental activity is utilized in R\*STARS to assist the departments and agencies and GAD with year-end financial reporting over accounts receivable balances. Further, we recommend that departments and agencies submit interdepartmental requests for reimbursement in a timely manner.

# Management Response

#### Section II – Findings and Questioned Costs – Major Federal Programs (Continued)

#### Material Weakness

#### <u>Finding 2023-004 – General Accounting Division – GASB Statement No. 96, Subscription Based</u> Information Technology Agreements (SBITA), Implementation

#### Condition

Several errors were made by the General Accounting Division (GAD) during the implementation of Governmental Accounting Standards Board (GASB) Statement No. 96, *SBITA* that resulted in the subscription asset, corresponding liability, interest payable, interest expense, amortization expense, and accumulated amortization to be inaccurate.

#### Criteria

COSO/Internal Control Framework defines control activities as "policies and procedures that help ensure management's directives are carried out." Management review controls are defined as, "the activities of a person, different than the preparer, through analyzing and performing oversight of activities performed, and is an integral part of any internal control structure."

Effective July 1, 2022, the State adopted new accounting guidance for GASB 96, *SBITA*. The guidance requires entities to recognize a right-to-use subscription asset and corresponding subscription liability.

#### Context

Our audit procedures detected misstatements related to the implementation of GASB 96.

#### Effect

During our testing of the implementation of GASB 96, we identified a contract that was improperly excluded from the population that was evaluated by GAD, as well as a contract that was improperly included in the implementation. Additionally, we identified errors that caused the SBITA asset, SBITA liability, interest payable, interest expense, amortization expense, and accumulated amortization to be inaccurate. It was also noted that the State's policies and procedures were not updated to reflect changes related to the implementation of GASB 96.

Adjustments were subsequently made to the accounting records to properly state the subscription asset, subscription liability, interest payable, interest expense, amortization expense, and accumulated amortization balances related to the SBITA implementation.

#### Cause

The GAD's internal controls over the implementation of GASB Statement No. 96, *SBITA*, did not ensure completeness of the population of contracts evaluated, adequate retention of supporting documentation to be used in GAD's evaluation, decentralized nature of certain types of contracts held by the agencies, proper valuation of the various account balances affected by the implementation, or that the policy was updated to reflect the related changes.

#### Recommendation

We recommend that GAD strengthens its policies and procedures related to the implementation of new accounting pronouncements, as well as update the policies and procedures to properly address changes related to the implementation of GASB Statement No. 96, *SBITA*.

#### Management Response

Section II – Findings and Questioned Costs – Major Federal Programs (Continued)

#### Material Weakness

# Finding 2022-005 – Department of Health – Schedule of Expenditures of Federal Awards (SEFA)

#### Condition

The Schedule of Expenditures of Federal Awards (SEFA) contained numerous errors and required material edits in order to obtain a reliable SEFA for the major program risk assessment. During the audit we noted that the SEFA contained:

- 1. Negative federal expenditures and
- 2. Incorrect assistance listing numbers.

We identified a material SEFA error due to incorrect reporting of federal expenditures. The Department of Health (the Department) reported and certified negative federal expenditures, in the amount of (\$127,140,490,.29), for the Epidemiology and Laboratory capacity for infectious disease (ELC). The negative program expenditures consisted of \$67,724,611.87 FEMA expenditures, \$76,527,850.41 reversal of prior year accrual, and \$17,111,971.99 for current year expenditures. We noted that the FEMA expenditures were incorrectly reported as ELC program costs and the reversal of the prior year accrual was less than current year expenditures.

The General Accounting Department consulted with Department to "reasonably" determine the current year federal program expenditures. However, the Department incorrectly accounted for and reported the federal program expenditures as part of their closing reporting package.

#### Criteria

Per 2 CFR section 200.303(a), a non-Federal entity must: Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should be in compliance with guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States or the "Internal Control Integrated Framework," issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

2 CFR, Part 200 – Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, Subpart F, §200.510(b) requires that auditees prepare a schedule of expenditures of Federal awards for the period covered by the auditee's financial statements which must include the total Federal awards expended as determined in accordance with §200.502.

#### Effect

The SEFA was not prepared in accordance with OMB requirements which affects the major program risk assessment.

#### Cause

The incorrect reported information was due to an error.

Section II – Findings and Questioned Costs – Major Federal Programs (Continued)

#### Recommendation

We recommend that the Department work with GAD to determine procedures and processes for accounting and reconciling federal program expenditures to ensure that the reported information is accurate and reliable.

*Management Response*: There is no disagreement with the audit finding.

# **Criteria or Specific Requirement:**

*Compliance:* Authoritative Requirement: 15 USC 9058c; 2 CFR 200.328 (Financial report); and 2 CFR 200.329 (Performance report) Report Corrections: The Office of Recovery Program's (ORP) reporting portal has built-in functionality to reopen a report and allow recipients to make edits after the reporting deadline. However, it is ORP's policy that recipients may only make revisions if authorized by Treasury staff for a period of up to 60 days after the reporting deadline. After the revision period ends, the report is final. A resubmitted report becomes a recipient's final report within ORP's reporting portal. Recipients can generate PDFs of these reports at any time.

# Section III – Findings and Questioned Costs – Major Federal Programs

# Condition:

The Department did not consistently perform and document the ERA eligibility procedures. We noted the following;

- 1. Two ERA rental disbursements were incorrectly calculated.
- 2. The approval and certification for four rental disbursements issued in fiscal year 2022 was documented in February 2024.

The Department did not consistently perform and document the HAF eligibility procedures. We noted the following;

1. We did not receive support for grant disbursement of \$9,311.84, of the total disbursement of \$26,899.93.

#### Context:

ERA-

- 1. Two of the sixty ERA rental disbursements were incorrectly calculated.
- 2. Four of the sixty rental disbursements issued in FY 22 were certified and approved in February 2024.

HAF:

1. One of the sixty HAF disbursements were not supported by adequate documentation.

#### Questioned costs:

ERA

1. \$6,875, represents overpaid ERA rental assistance due to the incorrect calculation.

HAF

2. \$9,311.84, represents the unsupported disbursements.

#### **Recommendation:**

We recommend that the Department review and enhance supervisor review and approval of ERA and HAF eligibility and disbursements to ensure that the program requirements are met. This includes ensuring that the required documentation is obtained, the benefits are accurately determined and are within the allowable limits. Documentation to support compliance with the requirements should be maintained and readily available for review.

Type of Finding:	Material Weakness in Internal Control over Compliance, Material Noncompliance

#### Criteria or Specific Requirement:

*Compliance:* ERA 1 and ERA 2 funds may be used for administrative expenses, housing stability services, and financial assistance on behalf of an eligible household, as defined in the Treasury guidance.

<u>Administrative Expenses</u>: The cost of a grantee contacting a landlord to encourage their participation and acceptance of ERA assistance is one of many examples of an eligible administrative cost.

<u>Housing Stability Services</u>: Under ERA 1, housing stability services includes case management and other services related to the COVID-19 outbreak intended to help keep households stably housed. Under ERA 2, housing stability services do not have to be related to the COVID-19 outbreak. For ERA 1 and ERA 2, housing stability services include those that enable households to maintain or obtain housing. Such services may include, among other things, eviction prevention and eviction diversion programs; mediation between landlords and tenants; housing counseling; fair housing counseling; housing navigators or promotors that help households access programs or find housing; case management related to housing stability; housing-related services for survivors of domestic abuse or human trafficking; legal services or attorney's fees related to eviction proceedings and maintaining housing stability; and specialized services for individuals with disabilities or seniors that support their ability to access or maintain housing (See FAQ 23).

<u>Financial Assistance:</u> Financial assistance to households includes payment of rent, rental arrears, utilities and home energy costs, utility and home energy costs arrears, and other expenses related to housing.

Examples of other costs for both ERA 1 and ERA 2 include relocation expenses (including prospective relocation expenses), rental security deposits, rental fees including application and screening fees, reasonable accrued late fees, Internet service to a given rental unit, and rental bonds where necessary to avoid an eviction order, as provided in the Treasury guidance and subject to certain conditions (for

# Section III – Findings and Questioned Costs – Major Federal Programs

example, that Internet service expenses are eligible only if grantees establish policies governing the appropriate of use for this purpose).

HAF- Title 2, Code of Federal Regulations (2 CFR), Section 200.430, requires employees who are paid with federal funds to document their time and effort within the federal program. The federally funded portion of the employee salary must be reflective of the actual time and effort the individual has put forth for that federal program.

200.413 Direct Costs: The salaries of administrative and clerical staff should normally be treated as indirect (F&A) costs. Direct charging of these costs may be appropriate only if all of the following conditions are met:

- (1) Administrative or clerical services are integral to a project or activity;
- (2) Individuals involved can be specifically identified with the project or activity;
- (3) Such costs are explicitly included in the budget or have the prior written approval of the Federal awarding agency; and
- (4) The costs are not also recovered as indirect costs.

*Internal Control:* Per 2 CFR section 200.303(a), a non-Federal entity must: Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should comply with guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States or the "Internal Control Integrated Framework", issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

#### Condition:

The Department used funds to support repairs to a rental property which in an unallowed costs under ERA program requirements. ERA funds are used to assist the tenant will maintaining housing or relocation, and used to repair or maintain the landlord's property unless approved by the grantor.

The payroll costs supported by HAF were not adequately supported by documentation:

- 1. The employees' salary did not agree with the related time and effort certification.
- 2. Employee timesheets were not timely reviewed and approved.

#### Context:

ERA- one of the sixty general disbursements samples selected for tested was identified as unallowed.

HAF:

- 1. Time and certification did not support employee's allocation of salary charged to the grant for seven of the sixty payroll costs selected for testing.
- 2. Employee Timesheets:
  - a. Late review and approval: seven of the sixty payroll costs selected for testing.

# Cause:

ERA: The unallowed cost was an error that was not detected during the review process.

HAF: employee salary documentation was not maintained and readily available for the auditor's review.

#### Section III – Findings and Questioned Costs – Major Federal Programs

#### Effect:

Expenditures may be incorrectly charged to the programs.

#### **Questioned costs:**

\$30,939.08, represents the unallowed ERA costs identified during testing. \$6,126.03, represents employees' salary incorrectly calculated and charged to the program.

#### **Recommendation:**

We recommend that the Department review the grant requirements for allowable costs and activities to ensure that program cost and activities are in accordance with the program requirements. The Department should request approval for costs not specifically addressed in the grant to ensure that the costs are allowable under the grant. All costs charged to the program should be supported by documentation maintained by the grantor in accordance with the grantor's retention policy. The documentation should be readily available for review upon request.

#### Context:

Subrecipient monitoring activities were not provided for seven out of seven CSLFRF, and twenty out of twenty ESSER subrecipients selected for testing.

Subrecipient's unique entity identifier was not provide for two of the twenty subawards selected for testing.

#### Cause:

Subrecipient's unique entity identifier was not obtained by MSDE.

#### Effect:

MSDE is not in compliance with the grantor's reporting requirements.

#### **Questioned costs:**

None noted.

#### **Recommendation:**

We recommend that MSDE develop internal controls and procedures to ensure that sub recipient monitoring requirements are performed in a consistent and timely manner, and that the documentation supporting compliance is maintained and readily available for review. (b) Conform to any limitations or exclusions set forth in these principles or in the Federal award regarding types or amount of cost items. (c) Be consistent with policies and procedures that apply uniformly to both federally-financed and other activities of the non-Federal entity. (d) Be accorded consistent treatment. A cost may not be assigned to a Federal award as a direct cost if any other cost incurred for the same purpose in like circumstances has been allocated to the Federal award as an indirect cost. (e) Be determined in accordance with generally accepted accounting principles (GAAP), except for state and local governments and Indian tribes only, as otherwise provided for in this part. (f) Not be included as a cost or used to meet cost sharing or matching requirements of any other federally-financed program in either the current or a prior period. See also §200.306 Cost sharing or matching paragraph (b). (g) Be adequately documented. See also §\$200.300 Statutory and national policy requirements through 200.309 Period of performance of this part.

*Internal Control:* Per 2 CFR section 200.303(a), a non-Federal entity must: Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should comply with guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States or the "Internal Control Integrated Framework", issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

**Condition:** The Institution did not adjust the employee's payroll costs to reflect the reported effort. We noted that the actual time and effort charged to the grant did not agree to the time and effort report.

# Section III – Findings and Questioned Costs – Major Federal Programs

#### Context:

For two out of nine samples selected for testing, the payroll calculation did not agree to the employee's time and effort report.

#### Cause:

Regarding the two tested samples, the payroll calculation may not have agreed to the employee's Time and effort Report for several reasons, one being adjustments in salaries after a cola and or merit increase, and adjusted calculations not completed to mirror those increases.

# Effect:

Expenditures may be incorrectly charged to the program.

#### **Questioned costs:**

None

# Recommendation:

We recommend that the Institution consistently performed internal procedures to ensure that errors and irregularities are prevented and/or detected in a timely manner.

#### Criteria or specific requirement:

*Compliance:* 2 CFR, Part 200 – Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, Subpart F, §200.510(b) requires that auditees prepare a schedule of expenditures of Federal awards for the period covered by the auditee's financial statements which must include the total Federal awards expended as determined in accordance with §200.502.

*Internal Control:* Per 2 CFR section 200.303(a), a non-Federal entity must: Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should comply with guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States or the "Internal Control Integrated Framework", issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

#### Condition:

The Schedule of Expenditures of Federal Awards (SEFA) contained an error of an incorrect ALN which could potentially impact major program determination.

#### Context:

The following SEFA errors was noted:

• Amounts provided by MSU incorrectly reported \$18,526,604 in Higher Education Institutional Aid Program (ALN 84.031) that should have been classified as expenditures for the HEERF Program (ALN 84.425J).

#### Section III – Findings and Questioned Costs – Major Federal Programs

#### Cause:

The attribution of HEERF II HBCU funds to ALN 84.031 in place of 84.425J was a manual clerical error and was missed during the review process.

#### Effect:

The SEFA was not prepared in accordance with OMB requirements which affects the major program risk assessment.

#### **Questioned costs:**

None noted as the reporting requirement does not affect the allowability of costs and/or activities.

#### **Recommendation:**

We recommend that the institution review its current reporting procedures, management review requirements, and communications with the State to ensure that the reported information is accurate and reliable.

Compliance Requirement:	Suspension and Debarment
Award Year	July 1, 2022 – June 30, 2023
Type of Finding:	Significant Deficiency in Internal Control over Compliance

# Criteria or specific requirement:

*Internal Control:* Per 2 CFR 200.213 Suspension and Debarment restricts awards, subawards, and contracts with certain parties that are debarred, suspended, or otherwise excluded from or ineligible for participation in Federal assistance programs or activities.

2 CFR 180.300 states that an entity may determine suspension and debarment status by:

- (a) Checking SAM Exclusions; or
- (b) Collecting a certification from that person; or
- (c) Adding a clause or condition to the covered transaction with that person.

# Section III – Findings and Questioned Costs – Major Federal Programs

Per 2 CFR section 200.303(a), a non-Federal entity must: Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should comply with guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States or the "Internal Control Integrated Framework", issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

#### Condition:

The institutions listed above did not determine the suspension and debarment status on vendors with expenditures exceeding \$25,000 during the fiscal year as required by federal regulations.

# Context:

ALN 84.425 - The suspension and debarment status of the following vendors was not provided:

- Bowie State University Five out of five
- Coppin State University Four out of four
- University of Maryland, Eastern Shore Two out of four
- ALN 84.031 The suspension and debarment status of the following vendors was not provided:
  - Bowie State University Six out of six
  - Coppin State University Two out of two
  - University of Maryland Eastern Shore Two out of two

#### Cause:

- UMES The procurement department did not have an internal policy to check suspension and debarment for procurements using federal funds.
- Coppin Finding recurrence is due to timing of issuance of report in March 2023. Coppin State did
  not procure any new contracts over \$25,000 from the time the report was issued to policy
  implementation in May 2023. Coppin State did go back to test the sample selected by CLA for the
  audit period to ensure a SAMs.gov check was performed and maintained this documentation with
  no issues noted.
- Bowie A misinterpretation of Maryland's State Disbarment Listing and process, which includes checking SAM.gov.

#### Effect:

Federal funds may be paid to parties that are ineligible to participate in a federal program.

#### Questioned costs:

None.

#### Recommendation:

We recommend the institution evaluate its policies procedures to ensure that suspension and debarment requirements are being met prior to entering into transactions with vendors. Policies and procedures should reiterate the three options for determining suspension and debarment status listed in 2 CFR 180.300.

#### Criteria or specific requirement:

*Compliance:* Annual Reporting: (OMB No. 1810-0749 for ESSER; 1810-0748 for GEER; and 1810-0765 for EANS) with data on expenditures, planned expenditures, subrecipients, and uses of funds, including for mandatory reservations. LEAs/subrecipients submit data to the SEA/Governor for the SEA's/Governor's report. The annual performance reports can be found on the Grantee Help page of ED's ESF Transparency Portal.

*Internal Control:* Per 2 CFR section 200.303(a), a non-Federal entity must: Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should comply with guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States or the "Internal Control Integrated Framework", issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

#### Condition:

The data schedules provided to support annual report was not in a format that we could audit, as a result we were unable to test MSDE's accuracy of the report key line items. The data was in the prescribed format for compilation and transmission to USDE which was not identifiable by the auditor.

MSDE did not provide documentation to support submission of the annual report.

#### Context:

We are unable to test the accuracy of the information submitted in the annual report.

# Section III – Findings and Questioned Costs – Major Federal Programs

# Cause:

MSDE did not provide the requested documentation in a timely manner in order for the auditors to test compliance with the federal requirement.

# Effect:

MSDE was not able to support compliance with the grantor's reporting requirements.

#### **Questioned costs:**

None noted.

#### **Recommendation:**

We recommend that MSDE develop internal controls and procedures to ensure that all reporting requirements are performed in a consistent and timely manner, and that the documentation supporting compliance is maintained and readily available for review.

#### Criteria or specific requirement:

*Compliance:* Per 2 CFR 200.302, non-Federal entity's financial management systems, including records documenting compliance with Federal statutes, regulations, and the terms and conditions of the Federal award, must be sufficient to permit the preparation of reports required by general and program-specific terms and conditions; and the tracing of funds to a level of expenditures adequate to establish that such funds have been used according to the Federal statutes, regulations, and the terms and conditions of the Federal award.

*Internal Control:* Per 2 CFR section 200.303(a), a non-Federal entity must: Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should comply with guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States or the "Internal Control Integrated Framework", issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

# Condition:

The institution was not able to support the amount it had drawn down for the program was accurate and was supported by expenditures recorded in its accounting system. The amount drawn down was based on an erroneous report.

#### Context:

The institution drew down funds for the institutional portion in excess of expenditures incurred. The amount the institution overdrew totaled \$2,009,452.

#### Section III – Findings and Questioned Costs – Major Federal Programs

#### Cause:

On July 1, 2022, Bowie State University (BSU) transitioned its accounting system from People Soft to Oracle Cloud. In PeopleSoft, query reports were used to determine the weekly cash needs for drawdowns or grant invoicing. The reports compared all the expenditures versus cash receipts for the period and for the life of the grant. The reports were used to determine the BSU cash needs for reimbursement.

After converting to Oracle, the same report process was created in determining the cash needs for BSU. However, the query report created in Oracle provided the actual cash receipts, disbursements, and encumbrances. Also, the report did not include a trial balance for life-to-date cash balance because it was not available during this time. The cash needs were overstated because encumbrances were included with the actual expenditures.

# Effect:

Federal funds may be overdrawn.

#### **Questioned costs:**

\$2,009,452

#### **Recommendation:**

We recommend the institution review and enhance their internal controls and procedures over cash management so that expenditures are being properly tracked and reconciled by program to ensure awarded funds are not overdrawn in the future.

# Criteria or specific requirement:

*Compliance:* ACF 199 TANF Data Report: State agencies must meet or exceed their minimum annual work participation rates. The minimum work participation rates are 50 percent for the overall rate and 90 percent for the two-parent rate. A state's minimum work participation rate may be reduced by its caseload reduction credit. HHS may penalize the state by an amount of up to 21 percent of the SFAG for violation of this provision (42 USC 609(a)(4); 45 CFR section 262.1(a)(4)).

ACF 209, SSP-MOE Data Report: This report is submitted quarterly and requires testing of key line items.

*Internal Control:* Per 2 CFR section 200.303(a), a non-Federal entity must: Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should comply with guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States or the "Internal Control Integrated Framework", issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

#### Condition:

The ACF 199 and 209 data submitted to the Administration for Children and families (ACF) was incorrect. We identified the following errors:

- 1. Families with over 60 countable months continued to receive benefits and was incorrectly reported as not exempt. Families with over 60 countable months are required to have time-limit exemptions in order to continue receiving assistance, which did not happen.
- 2. The countable months toward the federal time-limit reported to ACF did not match the customer's case file. DSS did not correct the countable months and resubmit the accurate information to ACF.

# Section III – Findings and Questioned Costs – Major Federal Programs

- 3. Closed customer cases were incorrectly reported to ACF as active and receiving benefits. The case was closed before reporting period but was incorrectly included in the active population.
- 4. DSS reported the incorrect work participation to ACF. ACF's report code 19 was incorrectly reported instead of code 18. Code 19 identifies the customer as countable towards the federal time limit and is required to participate in the work program. Code 18 identifies the participant as not countable but still required to participate in the work program. DSS corrected the codes after submission to ACF but did not resubmit the updated information to ACF.

#### Context:

- 1. Families with over 60 countable months continued to receive benefits and was incorrectly reported as not exempt for 1 of the 40 reported customers selected for testing.
- 2. The countable months toward the federal time-limit reported to ACF did not match the customer's case file for 35 of the 40 reported customers selected for testing.
- 3. Closed customer cases were incorrectly reported to ACF as active and receiving benefits. for 4 of the 40 reported customers selected for testing.
- 4. DSS reported the incorrect work participation to ACF. ACF's report code 19 was incorrectly reported instead of code 18 for 2 of the 40 reported customers selected for testing.

# Cause:

The incorrect data was due to errors related to implementation of the new case file system.

# Effect:

Data transferred to ACF was incorrect and did not present the correct results of State's TANF work participation program.

#### Questioned costs:

Undetermined, due to the numerous errors we could not determine if the customer 's benefits were affected.

#### **Recommendation:**

We recommend that DSS develop internal controls and procedures to ensure that customer data is accurate, and subsequent changes is reported to ACF in a timely manner.

# Criteria or specific requirement:

*Compliance:* Under Title IV-D of the Social Security Act determines that an individual is not cooperating with the state in establishing paternity, or in establishing, modifying or enforcing a support order with respect to a child of the individual, and reports that information to the state agency responsible for TANF, the state TANF agency must

- (1) deduct an amount equal to not less than 25 percent from the TANF assistance that would otherwise be provided to the family of the individual, and
- (2) may deny the family any TANF assistance. HHS may penalize a state for up to 5 percent of the SFAG for failure to substantially comply with this required state child support program (42 USC 608(a)(2) and 609(a)(8); 45 CFR sections 264.30 and 264.31).

These internal controls should comply with guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States or the "Internal Control Integrated Framework", issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

#### Condition:

A participant's benefits wase not correctly reduced as a result of noncooperation with child support. We identified one participant whose benefits was reduced less than 25%, due to a system error. We noted that the July 2022 benefits of \$480 were decrease to \$432 (\$48 or 10%) August 1, 2022.

#### Context:

We noted that the reduced benefits were incorrectly calculated for one of the forty non-cooperative customers selected for testing.

# Section III – Findings and Questioned Costs – Major Federal Programs

#### Cause:

The incorrect calculation was due to errors that were not detected during the internal review process.

# Effect:

Customer's benefit sanctions were incorrectly determined.

We recommend that DSS develop internal controls and procedures to ensure that customer sanctions are correctly calculated.

DSS experienced problems with the benefit system and was not able to implement the sanction until June 2023. DSS did not recoup the overpaid benefits from the client.

#### Context:

Award Year	July 1, 2022 – June 30, 2023		
Type of Finding:	Significant Deficiency in Internal Control Over Compliance, Other Matters		

# Section III – Findings and Questioned Costs – Major Federal Programs

# Criteria or specific requirement:

*Compliance*: The State Medicaid Agency (SMA) pays for inpatient hospital services and long-term care facility services through the use of rates that are economic and efficient and are in accordance with the state plan. To the extent the state pays reconciled costs, the SMA must provide for the filing of uniform cost reports for each participating provider in order to establish payment rates. The SMA must provide for the periodic audits of financial and statistical records of participating providers. The specific audit requirements will be established by the State plan (42 CFR 447.253).

Additionally, in accordance with COMAR 10.09.10.09b the State must rebase the cost center prices every 2 and 4 rate years.

*Internal Control:* Per 2 CFR section 200.303(a), a non-Federal entity must: Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should comply with guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States or the "Internal Control Integrated Framework", issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

#### Condition:

The Department of Health (Department) did not maintain or provide documentation to support monitoring activities over hospitals not selected for periodic audits. The state plan does not provide specific guidance on the monitoring of hospitals; however, there state is responsible for the Medicaid activities supported by federal funds. As such the Department's internal controls over, allowable costs should ensure that all federal expenditures are subject to review.

# Section III – Findings and Questioned Costs – Major Federal Programs

## Context:

CLA selected a sample sixty in-patient and long-term care facilities (hospitals (20) nursing home facilities (40)) for testing.

• For five of the twenty hospitals selected for testing were not selected for audit since the inception of the contract in 2019. The Department provided guidance that the 5 hospitals were periodically audited by the Health Services Cost review commission (HSCRC) but did not provide documentation to support any monitoring review of the hospitals' activities.

#### Cause:

There is no written requirement for all hospitals to have an audit, the Department relies on the annual risk assessment to determine which hospitals are audited. The Department has not implemented any procedures for hospitals that are not selected for audit.

# Effect:

The risk of unallowed costs and/or activities is increased due to lack of monitoring activities.

# **Questioned costs:**

N/A

# **Recommendation:**

We recommend that the Department review and enhance current procedures and internal controls to develop procedures to address the risk of hospitals not internally reviewed.

# Condition:

Federal Award Identification Number and Year:	None, 2022 and 2023
Compliance Requirement:	Subrecipient Monitoring
Award Year	July 1, 2022 – June 30, 2023
Type of Finding:	Significant Deficiency in Internal Control Over Compliance, Other Matters

#### Criteria or specific requirement:

*Compliance*: 2 CFR section 200.332-Requirements for Pass-Through Entities states, in part, that all pass-through entities must:

(a) Ensure that every subaward is clearly identified to the subrecipient as a subaward and includes information at the time of the subaward and if any of these data elements change, include the changes in subsequent subaward modification. When some of this information is not available, the pass-through entity must provide the best information available to describe the Federal award and subaward.

*Control:* Per 2 CFR section 200.303(a), a non-Federal entity must: Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should comply with guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States or the "Internal Control Integrated Framework", issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

# Condition:

The Department's subaward agreements did not consistently contain all required federal information. The subaward agreements were missing:

- 1. Subrecipient's unique entity identifier;
- 2. Federal Award Identification Number (FAIN)
- 3. Amount of Federal Funds Obligated by this action by the pass-through entity to the subrecipient
- 4. Total Amount of Federal Funds Obligated to the subrecipient by the pass-through entity including the current financial obligation
- 5. Total Amount of the Federal Award committed to the subrecipient by the pass-through entity;

#### Section III – Findings and Questioned Costs – Major Federal Programs

- 6. Federal award project description, as required to be responsive to the Federal Funding Accountability and Transparency Act (FFATA)
- 7. Identification of whether the award is R&D
- 8. Indirect cost rate for the Federal award (including if the de minimis rate is charged per § 200.414 Indirect (F&A) costs).

We noted that the subaward agreements was not consistently accompanied with the standard memorandum of understanding, conditions of award and the local health department budget package (if included) which contained some of the missing subaward information.

# Context:

Eight subawards were selected for testing and the following exceptions were noted:

- For 8 of 8 subawards selected for testing, the Department was unable to provide documentation that it had obtained the subrecipient's Unique Entity Identifier (UEI) at the time of subaward issuance.
- For 6 of 8 subawards selected for testing, the Federal Award Identification Number (FAIN) and Federal Award Date were not provided to the subrecipient.
- For 8 of 8 subawards selected for testing, the Department was unable to provide documentation that the amount of federal funds obligated by this action by the pass-through entity to the subrecipient, total amount of federal funds obligated to the subrecipient by the pass-through entity including the current financial obligation and total amount of the federal award committed to the subrecipient by the pass-through entity was communicated to the sub awardee.
- For 2 of 8 subawards selected for testing, the Federal award project description, as required to be responsive to the Federal Funding Accountability and Transparency Act (FFATA) was not identified.
- For 2 of 8 subawards selected for testing, the Identification of whether the award is R&D was not identified.
- For 6 of 8 subawards selected for testing, the Indirect cost rate for the Federal award (including if the de minimis rate is charged per § 200.414 Indirect (F&A) costs) was not identified.

#### Questioned costs:

None

#### Cause:

The Department's procedures and were not consistently performed to ensure that all the required information was communicated to the sub awardee.

#### Effect:

Excluding the required federal grant award information at the time of the subaward may cause subrecipients and their auditors to be uninformed about specific program and other regulations that apply to the funds they receive. There is also the potential for subrecipients to have incomplete Schedules of Expenditures of Federal Awards (SEFA) in their Single Audit reports, and federal funds may not be properly audited at the subrecipient level in accordance with the Uniform Guidance.

#### Recommendation:

The Department should review and enhance internal controls and procedures to ensure that all required information is included in all subawards.
