**Table 4** Full-Time Equivalent Student (FTES) change by degree generally parallels change in headcount enrollment. The Research & Scholarship Doctorate programs have the largest change in FTES due to a transition to a credit based status determination in the Graduate School. The Grand Total FTES for all programs increased 7% from 2008 Fall FTES.

## Fall 2009 Enrollment Report Highlights (cont.)

- Table 5** Women comprise 73% of the total enrollment, dominating all programs except for Law – Evening JD and Dental DDS where men account for 53% and 51% of enrollment, respectively. The Law LLM and Dental PhD programs are split equally.
- Table 6** Full-time students account for 77% of headcount enrollment for Fall 2009. Programs that have more than 50 percent part-time students include the Dental MS, Medicine MS, Public Health MPH, Social Work PhD, Physical Therapy DScPT, and Nursing MS, PhD, and DNP programs. The Doctor of Science of Physical Therapy (DScPT) is a part-time program.
- Table 7** African American students account for 17% of total enrollment for Fall 2009 while 57% of the students are Caucasian. Minority headcount enrollment for the campus is 35% of the total. Foreign students comprise only 4% of the total enrollment.
- Table 8** Maryland residents account for 75% of the total enrollment for Fall 2009. The undergraduate programs have the highest percent with 91% in-state residents. The Research & Scholarship Doctorate programs have the lowest at 36%.
- Table 9** Overall, 97% of students are seeking degrees. Most non-degree students are concentrated in the Master’s programs in Medicine, Nursing and Public Health.
- Table 10** Of the “year assigned” programs, the percentages among classes appear to be more different within the Bachelor’s degree programs than for the other degree levels. Approximately 24% of new Nursing BSN students and 19% of new Social Work MSW students entered their respective program in Second Year standing. The entering class of Law – Evening JD is significantly larger than in previous years. There are also 41 first year PharmD students enrolled at the Universities at Shady Grove.
- Table 11a** The Graduate School enrolls students in 9 Master’s and 25 Research & Scholarship Doctorate programs. Enrollment in Master’s degree programs has continued to rise, increasing by 55 students from Fall 2008 to Fall 2009. Non-Degree Graduate programs also increased enrollment this year by 41 students. Enrollment in Research & Scholarship Doctoral degree programs declined by 3 students. The gender and race of Graduate School students are depicted in **Table 11b** and **Table 11c**, respectively.
- Table 12** Women appear to be approaching an equal or greater percentage of the enrollment in the lower classes of the Dental DDS program, a historically male dominated program. However, the ratio of enrollment for males is greater for the First Year class than other year classes for most of the other Professional Practice programs.

## Fall 2009 Enrollment Report Highlights (cont.)
